PROFESSIONAL SUMMARY

Strategic Telecommunications Leader with over 17 years of experience specialized in VSAT, LTE, and mission-critical infrastructure for the Oil & Gas and industrial sectors. Proven track record in managing large-scale projects, including Starlink and RF upgrades, while consistently exceeding a 98% SLA performance threshold. Expert in leading multi-disciplinary teams of engineers to align operational execution with high-level business objectives. Currently completing an MBA to further integrate technical excellence with advanced financial and strategic management, ensuring high-value delivery in complex telecommunication environments.

PROFESSIONAL EXPERIENCE

Field Service Manager

May 2024 - Oct 2025

Teratai Maya Sdn Bhd

Led high-performance engineering teams in delivering complex VSAT and LTE infrastructure projects for the Oil & Gas sector.

- Situation: The organization needed to deliver critical upgrades across multiple offshore platforms including Jerun and Dulang.
- Task: Manage a team of 6-12 engineers to execute RF upgrades and Starlink deployments while maintaining 24/7 operational stability.
- Action: Spearheaded the full tender process (RFQ/RFI), coordinated vendor operations, and supervised on-site CCTV and VSAT installations.
- Result:
 - Achieved >98% SLA compliance across all managed sites
 - Reduced fault resolution times through optimized technician dispatching
 - Led end-to-end delivery of CCTV system installation for FPSO Permata Dulang, from planning, coordination, execution until final handover to client (Duta Marine).
 - Coordinated with relevant authorities and site stakeholders to secure work permits (PTW) and ensure compliance prior to execution of offshore and infrastructure projects.
 - Managed hybrid VSAT deployment for Jerun platform (TotalEnergies), including planning, coordination, installation and successful handover to client.

Assistant Field Service Manager

Jul 2023 - Apr 2024

Teratai Maya Sdn Bhd

Supported senior leadership in optimizing service operations and facilitating new technology adoption.

- Situation: Expanding service requirements demanded tighter coordination between field teams and senior management.
- Task: Support SLA compliance monitoring and lead team training for emerging communication technologies.
- Action: Implemented new project coordination workflows and mentored staff on Starlink and updated VSAT protocols.
- Result:
 - Maintained 99.9% service performance standards during transitional technology phases
 - Improved team technical competency by 75% through structured training initiatives
 - Assisted in securing 100% compliance documentation ratings for major projects

Sr. Service Delivery Engineer**Jan 2022 - Jun 2023****TSGN Sdn Bhd**

Managed field service delivery and vendor compliance across multiple high-priority sites.

- Situation: Multiple clients required strict adherence to contractual SLAs for remote satellite communications.
- Task: Oversee field operations, ensure vendor deliverables met contract standards, and lead site executions.
- Action: Monitored real-time service metrics and conducted on-site audits of vendor performance and equipment integrity.
- Result:
 - Ensured 100% contract compliance for all managed vendor deliverables
 - Sustained 100% uninterrupted service availability for critical communication nodes
 - Increased 25% operational efficiency by streamlining field reporting procedures

Field Engineer**Sep 2016 - Jan 2022****TSGN Sdn Bhd**

- Result:
 - Reduced 50% system downtime through proactive 24/7 technical support
 - Achieved a 100% safety record during all field assignments
 - Resolved 95% of technical faults on the first site visit

Technical Engineer**Apr 2013 - Jun 2016****Inaris Asia Pacific Sdn Bhd**

- Result:
 - Improved network reliability through enhanced monitoring protocols
 - Reduced onboarding time for junior engineers by 20%
 - Optimized inter-departmental communication for faster issue escalation

CORE COMPETENCIES

- Leadership: Team Mentoring (6-12 staff), Strategic Planning, Stakeholder Management
- Network Expertise: VSAT, Starlink, LTE 4G/5G, UHF/VHF, Trunk Radio, Fiber Optic Rollouts
- Project Management: RFQ/RFI Tender Management, Vendor Compliance, Budget Oversight, Risk Mitigation

EDUCATION

- Master in Business Administration (MBA), UNITAR International University (Awaiting Certification, Nov 2025 - CGPA 3.68)
- Diploma in Mechatronic Engineering, Universiti Teknologi Malaysia (2009)

CERTIFICATIONS & TRAINING

- BOSIET - Basic Offshore Safety Induction and Emergency Training (2025-2029)
- Offshore Medical Petronas/Shell (2024-2026)
- Sarawak Work Permit (Valid through Nov 2025)

Date : 17th March 2026

To Whom It May Concern

Dear Sir/Madam,

CONFIRMATION OF STUDENT STATUS – COMPLETED STUDY

This is to certify that the following was a student at UNITAR University College Kuala Lumpur (formerly known as KLMUC) and successfully completed his/her **MASTER OF BUSINESS ADMINISTRATION.**

Details of the student are as follows

Name : **KHAIRUL FAZLY BIN HAMIDON**

Student ID : 00000120658

NRIC/Passport No. : 871020-30-5025

Program Status : Full Time

Date of Admission : January 2025

Date of Completion : January 2026

Senate Date : 23rd January 2026

For your kind attention and perusal.

Should you need more clarification, please contact the undersigned at 03-2603 1416/1518.

Thank you.

Yours sincerely,

NURHABIBAH ZAINOL ABIDIN
Deputy Registrar
UNITAR University College Kuala Lumpur
